# Immersive. Refreshing.

That's the experience at Splash's state-of-the-art interactive design center located in Newton, Mass. Catering to both retail customers and design professionals, the newly renovated showroom features the latest and greatest in bath and kitchen design from the industry's top brands, at a variety of price points, in classic, transitional, eclectic, and contemporary styles.

Just inside the entrance, customers are greeted by traditional, transitional, and contemporary design setups of sinks, freestanding tubs, and glittering vanities, all of which are fully functional. As part of the new and improved layout, intimate design vignettes run throughout the showroom to help showcase a wide range of styles, allowing guests to experience a full understanding of the products and their functions.

Probably the most talked about vignette is the fully functioning spa that anchors the center of the showroom. Designers and clients can experience
